For your pleasure

There is an old expression that states '**work hard - play hard!**' and why not you probably have earned the right to a **White 7 Experience**.

Whether you are celebrating a wedding, anniversary, a birthday, an engagement or some other personal event that is important to you, we can provide an experience to meet your expectations.

Our service is second to none and incorporates gleaming new model luxury BMW cars and our professionally qualified female and male chauffeurs. Our chauffeurs are or have been police officers and this adds some comfort and security to our clients in an uncertain world.
